PROFILE

Frontend Developer in training with a background in graphic design and team management. Skilled in HTML, CSS, JavaScript, TypeScript, and React (learning). Passionate about creating functional and visually appealing web experiences and exploring new AI tools to enhance creativity and productivity.

SKILLS

Languages: HTML, CSS, SASS, JavaScript, TypeScript

Frameworks/Libraries: React (currently learning)

Tools: Git, GitHub, Gulp, Figma, Illustrator, VSCode

Methodologies: Responsive Design, Version Control, Team Collaboration

Languages: Spanish (native), English (B1), Portuguese (B1)

PROJECTS

Food Festival Landing Page

- Responsive landing page built with semantic HTML structure, modular Sass styles, and JavaScript scroll animations.

Personal Portfolio

- Developed and designed a responsive personal portfolio using HTML, SASS, and JavaScript with animations and smooth UX.

A11Y Contrast Checker

- A simple, responsive web tool to test color contrast ratios between background and text colors — following WCAG accessibility standards. (with Vanilla JavaScript, LocalStorage)

PROFESSIONAL EXPERIENCE

Sous Chef – Hotel Catalonia, Porto (2022 – present)

- Managed kitchen staff, organized daily operations, and ensured food quality standards.
- Used SAP for stock control, order management, and invoice processing — including data entry, product tracking, and report filtering to optimize inventory accuracy.
- Maintained supplier communication and administrative coordination using Outlook and internal digital systems.
- Developed strong analytical, problem-solving, and organizational skills, leveraging technology to streamline operational processes in a high-demand environment.

(Currently transitioning to the tech industry, applying analytical and organizational skills to web development.)

COURSES AND CERTIFICATIONS

React Course – Udemy (In progress, 2025)

- Typescripts, Components, Hooks, JSX, and testing basics.

Frontend Developer Career Path – Platzi (2024)

- HTML, CSS, SASS, Gulp, JavaScript, Git, GitHub.

Graphic Design – Hilet Institute (2016–2018)

- Coursework in color theory, composition, and digital design.
- Hands-on work with Illustrator, Photoshop, and Figma.

LANGUAGES

Languages: Spanish (native), English (intermediate), Portuguese (intermediate).
