### PROFILE

Frontend Developer in training with a background in graphic design and team management. Skilled in HTML, CSS, JavaScript, TypeScript, and React (learning). Passionate about creating functional and visually appealing web experiences and exploring new AI tools to enhance creativity and productivity.

### SKILLS

**Languages:** HTML, CSS, SASS, JavaScript, TypeScript

**Frameworks/Libraries:** React (currently learning)

**Tools:** Git, GitHub, Gulp, Figma, Illustrator, VSCode

**Methodologies:** Responsive Design, Version Control, Team Collaboration

### PROJECTS

#### Food Festival Landing Page

- Developed a fully responsive landing page using semantic HTML, modular SASS, and vanilla JavaScript animations — focused on accessibility and smooth user experience.

#### Personal Portfolio

- Designed and built a personal portfolio to showcase web projects, using HTML, SASS, and JavaScript. Implemented scroll effects and optimized layout for mobile and desktop devices.

#### A11Y Contrast Checker

- Created a simple web app to test color contrast ratios following WCAG accessibility standards — built with Vanilla JavaScript and LocalStorage to save user preferences.

### COURSES AND CERTIFICATIONS

#### React Course – Udemy (In progress, 2025)

- TypeScripts, Components, Hooks, JSX, and testing basics.

#### Frontend Developer Career Path – Platzi (2024)

- HTML, CSS, SASS, Gulp, JavaScript, Git, GitHub.

#### Graphic Design – Hilet Institute (2016–2018)

- Coursework in color theory, composition, and digital design.
- Hands-on work with Illustrator, Photoshop, and Figma.

### PROFESSIONAL EXPERIENCE

#### Sous Chef – Hotel Catalonia, Porto (2022 – present)

- Led and trained a small team in a fast-paced environment, ensuring quality and efficiency under pressure.
- Used SAP for inventory control, order management, and reporting to improve stock accuracy and daily operations.
- Developed strong leadership, problem-solving, and organizational skills — now applied to collaborative web projects.

(Currently transitioning to the tech industry, applying analytical and organizational skills to web development.)

### LANGUAGES

- Spanish (native), English (intermediate), Portuguese (intermediate).
